JUDGE JOHN R. MILLIGAN

ORDER

In the order dated April 18, 2005, the Court continued the Group 15 trial date and set forth a new cut off date for video tape testimony. As of June 8, 2005, it appears that none of the remaining parties have complied with the deadlines set forth in the original case management order of December 23, 2003, nor in the revised order of April 18, 2005, and the cases are all in default for compliance,

IN THE INTERESTS OF JUSTICE, it is ordered that the assignment be modified as to the remaining group 15 cases which are now permanently consolidated with the Group 16 cases and reclassified to Group 16. Henceforth, the remaining Group 15 cases shall follow the relevant assignment dates for Group 16 with the following particulars:
